

## Action plan for distribution of frequencies in the 3600-3800 MHz range

No.	Action	Duration of action implementation
1.	Legal changes - amendment of the Telecommunications Act (entry into force)	starting point
2.	Launching administrative proceedings ex officio on stating that it is not possible to grant a frequency licence for the next period (around 37 proceedings)	soon after the Telecommunications Act enters into force
3.	Preparation of draft documentation and publication of consultations on the selection procedure	after completion of proceedings initiated ex officio
4.	Public consultations	min. one month of the date of publication
5.	Analysis of submitted responses, possible changes to the selection procedure documentation	min. one month of the date for submitting responses
6.	Publication of consultation results	day after approval of changes
7.	Publication of the selection procedure	max 21 days after publication of consultation results
8.	Time for submitting bids	min. 45 days after publication of the selection procedure
9.	Results of the selection procedure	around 3 months after the date for submission of bids
10.	Granting the frequency licence	around 30 days (for named blocks) Estimated time June/July 2020

### Assumptions:

- 1) entry into force of amendments to the Telecommunications Act in May 2019,
- 2) smooth completion of proceedings on the refusal to re-grant the frequency licence,
- 3) selection procedure in the form of a tender, based on the current Ordinance,
- 4) no need to hold the second consultation on the selection procedure,

Any divergence from the adopted assumptions may lead to delay in the plan implementation.

It will be possible to prepare draft documentation only after the Ordinance on tenders, auctions and contests enters into force.
